

# KOMPANI PARADISO

In 2023 we offer the following Street Shows and Walking Acts:

## Two Headless Men - Walking Act

Run time: approx. 60 min.

In a tribute to Surrealism, this street act is built on comedy with many surprises and tender-hearted actions.

Two well-dressed men without heads are out for a stroll. But why without heads? Could they be aliens? Or are they simply a couple of shy and modest gentlemen? Suddenly they stop in front of a group of curious onlookers and out of their sleeves appear... And above the shirt collar, a set of eyes...

## Varieté Paradiso - Street Show

Run time: approx. 45 min.

A family show filled with comedy which is a tribute to the history of Circus, Varieté & Vaudeville!

The clown duo Totto and Gunnar believe they can do everything a circus can offer: Fly out of a cannon, build a human pyramid (together with the audience), tame lions, balance 8 wine glasses on their heads, eating fire, swallow swords, climb into balloons, tell love stories while doing magic... They realize that they can do everything except... except maybe... maybe the first three... or so. The street show ends with Jan's World Famous Balloon Act.

A family show for all ages - for the Ages!

## **Burning Clowns - Street Show**

Run time: approx. 30 min.

**A show filled with improvisation, comedy, slapstick and of course a lot of fire.**

French Artiste Jean-Baptiste is a perfectionist who really hates mistakes - which is particularly true if something goes wrong in his own show. He is then very quick to blame everyone else but himself. There is just one problem; Baptiste is not the great artist he himself imagines. Fortunately, his "assistant" Gunnar is always there to save the day, rescue the show and to put Jean-Baptiste in the spotlight he so dearly desires.

## **A Universe of Love - Walking Act**

Run time: approx. 30 min.

**A walking act filled with humour and love. "Welcome to The Universe of Love!"**

An immensely tall man in a suit and a red top hat, suddenly appears behind you like a warm gust of wind! With great joy and affection he lovingly greets everyone he meets, and bids them to pass through his beautiful and magical curtain... "Welcome, welcome... to The Universe of Love!"

Inside, another man in a red suit and with an enormous red balloon on his head, springs to life... Slowly and with some trepidation he silently approaches you as he lovingly, without words, tries to communicate and interact.

## Two Tall Gentlemen - Walking Act

Run time: approx. 60 min.

### A classical walking act on stilts for the whole family!

It is a mixture of comedy, magic, circus tricks. To make the audience truly enjoy themselves!

## About Kompani Paradiso

The people behind "Kompani Paradiso" are Jan Unestam and Magnus Jarlöv, who after many years on stages around the world, longed for the more intimate and improvised - and therefore decided to start their own performance company.

**Jan Unestam** is an actor and a circus artist. In 1995 he was one of the founding members of the famous Swedish company "Cirkus Cirkör" and has through the years contributed to 11 of that company's productions which has brought him all around the globe. His most famous act is "The Balloon Man" in which he acts from the inside of a giant balloon - an act which also has been commemorated on an official stamp(!) Jan has worked as an actor and a circus artist at most of the major theatre institutions in Sweden: Stockholms stadsteater, Göteborgs stadsteater, Göteborgsoperan, Malmö stadsteater, Östgötateatern, Helsingborgs stadsteater...

**Magnus Jarlöv** is a circus artist, a teacher and a comedian. He has founded many companies through the years, such as the jester and clown group "Jauvet", "Clownen brinner" ("The clown is on fire!"), "Verbalista" and "Burnt Out Punks". Magnus has also been on the board for "Clowns Without Borders" and has worked around the world as its Project Manager. For a number of years, Magnus was instrumental in building Cirkus Cirkör's function for people with disabilities. Magnus has also performed at many major arenas around Scandinavia, such as the Stockholm Globe Arena and the famous Skansen Open Air Museum.
